

HOUSE RULES AND LIABILITY

House rules

- The cash points are intended only to withdraw money from the ATM machines and have no other function. The cash points cannot therefore be used for gatherings, overnight stays or any other purpose.
- No damage may be done to the building or to the ATM machines. A permanent security camera is in operation.
- It is not allowed to smoke, eat or drink in the cash points.
- No waste may be left behind.
- To protect against burglary, the building is equipped with an alarm system with sirens and fog protection. Please do not tamper with this installation causing the alarm to go off unnecessarily: the accompanying sirens are very loud and the security smoke protection can cause you to become completely disoriented due to an abrupt interruption of all visibility.
- The building is also equipped with a fire alarm system and fire extinguishers. If the alarm goes off, calmly leave the building and notify the emergency services. It is best to check in advance where the emergency exits are and where the fire extinguishers are located.

Liability

- BATOPIN cannot be held liable for the harmful consequences of actions of any kind.
- BATOPIN cannot be held liable for damage, loss or theft of goods. BATOPIN cannot be held liable for acts by third parties who would enter the cash points.
- BATOPIN cannot be held liable for any accidents or other harmful consequences resulting from the use of the ATMs.
